AMCON SOLAR-ROLZ®
100% UV protection for patients who have been dilated during their exam. No adjustment necessary. Solar-Rolz® can be worn alone or under eyeglasses. 100 per bag. AMMJ-6950

FOREIGN BODY REMOVAL KIT
Kit contains the following:
• (1) Algerbrush II (Choice of .5mm Burr, or 1.0 Burr)
• (1) Golf Club Spud
• (1) Stainless Steel Soaking Tray
AMSI-2002 .5mm Burr
AMSI-2003 1.0mm Burr

STAINLESS STEEL SOAKING TRAY
Tray size: 8” x 2.75” x 1”.
AMSI-1001

ALGERBRUSH II REPLACEMENT PARTS
AMSI-1004 Algerbrush II Chuck
AMSI-1005 Algerbrush Unsterile .5mm Burr
AMSI-1006 Algerbrush Unsterile 1.0mm Burr

Each Box Contains
(2) Individual Sterile Trays

COMFORTEAR™ STERILE PRE-LOADED
Packaged sterile and pre-loaded individually on the ergonomically designed Comfortear™ Insertion Tool in an impact-minimizing tray. Packaged (2) individual sterile trays per box, the Comfortear™ individual sterile trays reduce the potential for unnecessary waste when only a single occluder is required.
AMSS-2055 .5mm diameter (Pedi Plug)
AMSS-2056 .6mm diameter (X-Small)
AMSS-2057 .7mm diameter (Small)
AMSS-2058 .8mm diameter (Medium)
AMSS-2059 .9mm diameter (Large)

ALGERBRUSH II
Used to remove foreign bodies from the eye. It has a very low torque motor powered by an “AA” Battery that creates a slow spin and will not harm corneal tissue.
AMSI-1002 .5mm Burr
AMSI-1003 1.0mm Burr
